GAZETTE GLEANINGS.

Real estate continues to advance.
A new dry goods store is talked of.
Yesterday's trains came in on time.
The passenger platform at the depot is being extended.
A grand free lunch to-night at Wolf & Kiser's exchange.
The interior of the St. Nicholas hotel is receiving a new coat of paint.
Superintendent Booth carries his right eye in a sling. A very bad cold which settled in his eye is the cause.
The tin wedding of A. M. Jones and wife occurs at White Oaks to-day, which will be the occasion of a party.
As will be seen by the dispatches this morning Delegate Luna has introduced a bill in Congress for the admission of New Mexico as a State.
The proceeds of the festival to be given by the ladies of the Episcopal church this evening, will be donated to the purchase of a rectory.

J. D. Wolf has sold one-half interest in the Exchange Saloon and billiard hall to W. T. Kiser, and the firm name will hereafter be Wolf & Kiser.
A post of the Grand Army of the Republic will probably be organized in this city soon. J. J. Fitzgerald has written to Gen. Logan for the necessary papers.

J. G. Barney, the newly appointed postmaster at Mineral City has received a supply of material for the new postoffice. As soon as he recovers from his illness he will go out and get the office ready for business.

There was almost a blockade about 6 o'clock last evening at the corner of the Plaza, and for a time it was almost impossible to even edge one's way through the throng that had congregated there inspecting the immense display of groceries, candies etc., at Bell & Co.'s Plaza grocers and bakers.

The Albuquerque Temple Lodge, A. F. & A. M., have elected the following officers: W. B. Childers, W. M.; A. McKay Whitcomb, S. W.; F. H. Kent, J. W.; W. Pinger, Secretary; and E. S. Stover, Treasurer. Their first meeting will be held in their new hall, thirty by fifty feet, in new town, about the first of January.

To-morrow evening the ladies of the Episcopal church give a church social in the hall over the New York clothing store on Center street. It will be a continuation of the festival of to-night at the same place. An excellent supper will be served, and dancing will be the order of the evening. The admission fee will be one dollar.

Frank Dibble, the engineer, who was accidentally shot at Kingman last Sunday evening, died yesterday afternoon about 2 o'clock in the hospital at Santa Fe, from the effects of the wound. Mr. Dibble had been connected with the railroad for a number of years, and was regarded as a thoroughly competent man. He was well liked by all the railroad employees, who greatly mourn his death.

We have just received from Messrs. Roberts & Wheelock a neatly printed circular, descriptive of their extensive business. Glancing over it we notice that they are dealers in stoves, tinware, steam fittings, and plumbing goods, and are prepared to meet the needs of a moments' notice. The circular is a most complete one, and is well worth a glance. It is composed of caps, etc., and is well worth a glance. It is composed of caps, etc., and is well worth a glance. It is composed of caps, etc., and is well worth a glance.

Marcellino, Boffa & Perez yesterday received from the east the largest and finest lot of musical instruments ever brought south of Denver. Nothing had been unpacked when the reporter called, except an elegant musical cigar holder, and a photograph album with a music box concealed in the corner, which starts off to the tune of "Auld Lang Syne," or "Home Sweet Home," whenever the album is opened. Both of these articles are imported, are very curious, and will well repay a visit to see them.

Up on Zion Hill, in a remote frame house, lives a woman whose character and reputation are not the best in the world. She is the mother of two small, interesting boys, aged about five and nine years respectively, whom she has been keeping until two or three days ago, when she absolutely gave them away to a Mexican family, living near, and paid \$7.00 to boot. These facts have been ascertained by neighbors living near, to whom the children have often went for food, being unable to get it at their so-called home. They will not be much better off with the Mexican family, who already number seven or eight. The neighbors would willingly take care of the children themselves, but have not the means.

The Las Vegas Coal and Coke Company, composed of F. A. Blake, L. H. Byrhe, and G. P. Conklin, all reliable men, are getting down to business at a lively rate. Their yards and offices lying east of the depot, on the railroad track, are just about completed. They have shuttles so placed that the coal can be taken right off the car into the yard, which it is estimated will hold over one hundred tons. Their coal is all from the Blossburg and Savage mines at Raton, and is considered the best in the market. They are the exclusive agents for every pound of coke produced by the gas works, and it can not be procured elsewhere. The company's plan is to sell at a low price, and make their profits by dealing in very large quantities. Although just started, it is meeting with the approval and support of our citizens.

Death of Don Antonio Jose Luna.
A private telegram yesterday received from Los Lunas announced the death of Don Antonio Jose Luna at his home at Los Lunas. The deceased was the father of Hon. Tranquilino Luna, our present delegate in Congress, and was one of the oldest and most respected citizens of the Rio Grande valley. He was a man of wealth, owning large estates and herds of cattle and sheep in the valley, and by his integrity, industry and many character commands the esteem of all who knew him. He raised a large family and lived to see his sons grow to manhood and occupy stations of trust in the Territory and nation. He lived at Los Lunas, a town that he had founded in the most fertile portion of the Rio Grande valley, a quiet and dignified life, provided with all the comforts which orchards, vineyards and wealth could afford, surrounded by his family and hosts of friends and dependants. He represented the old time hospitality and character of the high toned upper class of New Mexico. His death will be lamented not only in Valencia county but throughout the Territory.

Episcopal Festival.
For several weeks the ladies of the Episcopal church have been making preparations for the grand fair and supper which comes off this afternoon and evening in the handsome hall over Gardner & Gillies' New York Clothing Store, on Center Street. They will have on exhibition and for sale a large amount of useful and fancy articles, most of which have been made by ladies of the church.

In the afternoon the doors will be open from 4 to 7 o'clock, for the benefit of the ladies and children who may be unable to attend in the evening. The admission during the afternoon will be only ten cents. During the evening the price of admission will be twenty-five cents, and an additional fifty cents will entitle each person to the excellent supper which will be served, and to the privilege of dancing afterwards.

The proceeds of the festival will be added to a sum now being accumulated for the purpose of purchasing a parsonage. Articles donated for the supper will be called for after two o'clock this afternoon.

Santa Fe Captured by the Baptists.
Rev. M. H. Murphy, Superintendent Baptist Mission of New Mexico, organized a Baptist church at Santa Fe on Sunday evening last. Rev. J. E. Cohenour, pastor of the Baptist church of this city, accompanied Mr. Murphy and rendered able assistance in the work of organization. Mr. Cohenour delivered two very able discourses, while there. Gov. L. A. Sheldon, Hon. Judge Warren and Mr. N. H. Wheeler were elected trustees of the church. M. W. Pentland and N. H. Wheeler were elected deacons, and will be ordained on Thursday, January 12th. The Las Vegas and Raton Baptist churches are invited to participate in the ordination. Mrs. Judge Warren was elected treasurer of the church.

A. O. U. W.
Every head of a family, every business man and young man, or any one having loved ones depending upon them, should join the above Order, thereby securing them \$2,000 in case of death at a cost of about \$10 per year.

CHARA TERRIFIC
Involved in Las Vegas From all Parts of the World.

Hundreds of letters are received in this city every day from parties in the East who are anxious to know something about our country. Of course, among so many, occasional ones are found which are very interesting. We have selected, from an immense number which have been shown us, a few which will be entertaining to our readers.

HAMPTON, Iowa, Nov. 10.
SIR:—Please send me a catalogue of your mining stocks, and the lay of the country.

Yours respectfully,
GREENUP, Ills., Nov. 21.
Please send to my address all about where to make a fortune in New Mexico, and much obliged.

OVERLIN, Ohio, Nov. 20.
SIR:—Please send me a mineral map of and a description of the resources of New Mexico.

TERRE HAUTE, Ind., Nov. 28.
DEAR SIR:—When would be the best time to come out there, as I would like to come out there, and what is board per week, and what is wages for a laborer without a trade.

Mine truly,
MURPHYSBORO, Ills., Nov. 30.
Please find enclosed fifty cents for a Guide to New Mexico, also drop me a few lines in the above mentioned about who you think would want a good, energetic and Social scholar, for I think I will be in your city in the spring. Give me the best of business and labor record of — Mining Co. Answer by first mail. Yours truly,

PAY DOWN, Mo., Dec. 11.
Is that part of the country as good a stock country as Wyoming? I was in Wyoming a long time and would go back only if it is rather old. I understand gold and silver mining. (I broke up mining in Wyoming.) Would you please tell me if there would be a chance to get cattle to keep on the shares. Please tell me the name of a few stock men that are in some part of New Mexico, where the settlement is rather close to increase their herds as they may want to. There are two of us who consider ourselves competent stock growers. One of us would like to commence as a Fore man, the other to rear cattle on the shares.

MURPHYSBORO, Ill., Dec. 16.
DEAR SIR:—I come to think about that letter before this one and found that I was five cents behind, and so I will send it in this letter and hope you

will give a friend as much information as possible, as I will bring more immigration to the Territory, and I can get more men than a little to work for the mines, and if any company wants me to do so when I get there, I will do so through mail, or now if wanted, while I am anxious to get to the new country. What time of the year is the best of times? I am not afraid to work like the most that comes out in the Territory from the cities and are expected to get rich as soon as they get there. Well, gents please do the best for me if I come, but I can't come until after New Year's. Hope you will give me the best of reference. Answer by return mail.

SYRACUSE, N. Y., Nov. 27.
Dear sir: I append a few queries:

Population of Las Vegas?
What other towns or villages near?
Is water good and plenty?
Is timber land good and plenty?
Is building material dear, cheap or medium?
Are farmers much troubled by ferocious beasts? By rodents? By reptiles? By insects?
Are severe winds prevalent?
Are severe electric storms prevalent?
Are there any lakes?
Is natural scenery fine?
Is society at large so as to make life and property of isolated settlers safe?
Is there a considerable number of pianos or organs in towns or villages?
Are game or fish abundant enough to materially assist a settler until he can bring his land to producing?
What is the season for breaking new prairie sod?
Price of a good ordinary horse, cow, sheep, hog, poultry?
